We are inviting local businesses to help us make the holidays brighter by donating goods and gifts to support these children and their caregivers.

How You Can Help:

- Donate toys, books, and warm clothing for children
- Contribute non-perishable food items for holiday meals
- Provide gift cards or household essentials to ease the burden on families

Children with incarcerated parents face unique challenges, especially during the holidays. With your support, we can give them joy, hope, and a reminder that their community cares.

Your business will be recognized as a community partner on our website and social media.
